(*b*) GEOMETRY.

Class VII.

Problems.

Bisection of angles, and straight lines.
Construction of perpendiculars to straight lines.
Construction of an angle equal to a given angle.
Construction of parallels to a given straight line.

Theorems.

If two sides of a triangle are unequal the greater side has the greater angle opposite to it; and the converse.

Any two sides of a triangle are together greater than the third.

Of all straight lines that can be drawn to a given straight line from a given point outside it, the perpendicular is the shortest.

When a straight line cuts two other straight lines, if—

(1) a pair of alternate angles are equal, or
(2) a pair of corresponding angles are equal, or
(3) a pair of interior angles on the same side of the cutting line are together equal to two right angles,

then the straight lines are parallel; and the converse.

Straight lines which are parallel to the same straight line are parallel to one another.

Class VIII.

Problems.

Division of straight lines into any number of equal parts.

Construction of triangles and quadrilaterals with sufficient data.

Construction of a triangle equal in area to a given quadrilateral.

Theorems.

The sum of the angles of a triangle is equal to two right angles; and the two corollaries thereto.

If two triangles have two angles of the one equal to two angles of the other, each to each, and also one side of the one equal to the corresponding side of the other, the triangles are congruent.

If two right-angled triangles have their hypotenuses equal and one other side of the one equal to one other side of the other, the triangles are congruent.

The opposite sides and angles of a parallelogram are equal, each diagonal bisects the parallelogram; and the diagonals bisect one another.

If there are three or more parallel straight lines and the intercepts made by them on any straight line that cuts them are equal, then the corresponding intercepts on any other straight line that cuts them are also equal.

Parallelograms on the same or equal bases and of the same altitude are equal in area.

Triangles on the same or equal bases and of the same altitude are equal in area.

(*ii*) in sub-clause (*ii*), for the words "within one year of the date of commencement of this Act" the words and figures "on or before the 31st day of August 1944" shall be substituted.

(*b*) to clause (*c*) the following proviso shall be added, namely :—

"Provided that no Court shall exercise any powers referred to in this clause on any application for review of any decree passed after the date of commencement of this Act and before the commencement of the Bengal Money-lenders (Amendment) Act, 1944 with the consent of parties" ;

The Bengal Money-lenders (Amendment) Bill, 1944.

(Clause 6.)

(*c*) after clause (*b*), the following clause shall be added, namely :—

"(*c*) an order rejecting an application under sub-clause (*i*) or sub-clause (*ii*) of clause (*a*) for the exercise of any of the powers conferred by sub-sections (*1*) and (*2*) passed before or after the commencement of the Bengal Money-lenders (Amendment) Act, 1944 by any Court other than a Court of Small Causes shall, subject to the provisions of clause (*b*), be appealable in the same manner as a decree referred to in clause (*a*) passed by such Court ;

(*d*) an appeal from any order referred to in clause (*c*) passed before the commencement of the Bengal Money-lenders (Amendment) Act, 1944, may be preferred under that clause within ninety days from the date of such commencement :

Provided that no appeal shall lie from any such order, if an application for revision of such order has been made to the High Court and the said Court has on revision—

(*i*) affirmed such order ; or

(*ii*) set aside or modified such order ; or

(*iii*) remanded the case to the Lower Court :

Provided further that if an application for revision of any such order is pending in the High Court on the date of commencement of the Bengal Money-lenders (Amendment) Act, 1944, the said Court shall after such commencement deal with and dispose of such application as if it were an appeal preferred under clause (*c*).

Application.

6. (*1*) The amendments made by section 2 and clauses (*1*) and (*2*) of section 5 of this Act in the said Act shall have effect in respect of all suits or proceedings including proceedings in execution which are pending on the date of commencement of this Act in any Court and in which any relief under sub-section (*1*) of section 36 of the said Act has been applied for.

(*2*) If any order has been made before the commencement of this Act dismissing a suit or refusing an application for relief by a borrower under sub-section (*1*) of section 36 of the said Act, the Court shall—

(*a*) if an application in that behalf is made by the borrower not later than the 31st day of August, 1944, and

(*b*) if it is of the opinion that the said order would not have been made if the amendments made by this Act in clause (*22*) of section 2 or the proviso to sub-section (*1*) of section 36 of the said Act or both the said amendments, as the case may be, had been in force on the date on which such suit was instituted or the previous application was filed ;

set aside the order and restore and rehear the suit or application in accordance with the provisions of the said Act as amended by this Act :

Provided that no such order shall be set aside if the Court is of the opinion that the relief applied for cannot be granted without affecting a decree which was fully satisfied after the first day of January, 1939 and before the date of commencement of this Act.

STATEMENT OF OBJECTS AND REASONS.

This Bill has been prepared to meet certain difficulties which have been experienced in the working of the Bengal Money-lenders Act, 1940, on account of decisions of the High Court and to remove certain anomalies occasioned thereby and also to provide for certain suggestions which have been made for the general improvement of the Act.
